EXPERIENCE

WordPress Developer

Luxury Life Property Cyprus · 04/2026 – Present · Famagusta

- Develop and maintain the company's real estate website in **4 languages** (English, German, Turkish, Persian) with full RTL support for Persian, using WordPress, Elementor and WPML.
- Collaborated with a colleague to improve the homepage's median PageSpeed Insights scores from **51 to 75 on mobile** and from **81 to 97 on desktop**, optimizing images, fonts, caching and scripts while preserving the existing design.
- Manage multilingual content, on-page SEO and structured data across all language versions.

Freelance Flutter Developer

Remote · 2024 – Present

- Build Flutter apps with **Clean Architecture** and **BLoC** or **GetX** state management.
- Integrate REST APIs, Firebase, Supabase and PocketBase, with local storage via Hive and SQLite.

IT Support & Application Developer

Karafarin Insurance · 02/2024 – 01/2026

- Built an **internal Flutter app from a single codebase**, shipped as an **Android app and a web-based PWA (Flutter Web) for iPhone users**, used by employees across the company and connected to its servers.
- Replaced paper-based office workflows with in-app digital processes, working with the web team.

Flutter Developer Intern

Amooznegar Academy (formerly Android Iran) · 07/2024 – 12/2024

- Built **5 training apps** during the Senior Flutter Developer course: video streaming, music & radio, online shop, notes and wallpapers.
